# Live Tv Platinum Package
Installing Blackbox TV on your current Firestick

If you have an old app, arrow down to it click (⋮) and uninstall

1. Start off making sure your settings are correct. Click Home button on remote, Scroll over to Settings(click it), Arrow over to My Fire TV(click it) then go into Developer options then make sure ADB debugging and Apps from Unknown Sources are turned on. If not, click each one and turn them to ON.

2. Go back to Home, Arrow down to Your Apps & Channels and scroll over to you see Downloader icon. Click on it and if it's not already installed click Install. Once you have it installed, search again in the Your Apps & Channels and open Downloader. If you do not have Downloader in your list of apps, go to the Magnifying Glass at the top left of the screen, click on it, Type in Downloader. once (Downloader) appears, click on it and click install. Once installed search again in your apps and click OPEN. Arrow over to the left column and click on Settings. Make sure all of these boxes are checked. Arrow back over to the box that says http://. Please use proper Caps.

Downloader ⬇ by □AFTVnews.com

Enter the URL of the website you want to load or the file you want to download:

http://bit.ly/bbtv2021

Go

Where it says enter URL type.. **bit.ly/bbtv2021**

3. If typed correctly, it will change over to a page that says Download(No Preview) click Download, Next page click Download Anyway. You will then see a page that says Install at the bottom. Click Install. From there click Done, then Done again, then click the Home Button on the remote to go back to home.

If you get a WHITE SCREEN that don't change over, scroll over to Settings in this Downloader app, and check Enable Javascript then go re-enter the above.

Your New App | Click the (☰) to move icon | **Your New App**

OPTIONS
Pin to Front
Uninstall

⇧ *Arrow down 2 clicks to your Apps & Channels* ⇧

4. Go to the end of your apps and locate Blackbox Tv App icon. click the (☰) button on your remote. Arrow down to Pin to Front, so that it can be at the front of your list. Now open Blackbox App.
